**Client:** Sunday Times

Agency: panelbase

Universe: Adults resident in Scotland

Methodology: Online

Sample size: 1014

Fieldwork dates: 9 September - 12 September 2014

**Weighting:** All the results were weighted by age, sex, household tenure, country of birth and SEG. Respondents who voted in the 2011 Holyrood election and/ or 2014 European elections were weighted back to the actual election results. Independence voting intention questions were filtered on 8-10 likely to vote.
